

*No computers  
ordered.  
No money  
available!*

## Before:

A new computer lab  
but no one ordered  
the computers.

## What to do?

Bob Hofmann at Holcim Inc.  
might be able to help us.

## After:

Bob Hofmann is an advisor to the Cañon City High School Design Drafting program. He has helped us several times over the last 5 years. Bob came through again. This time he helped the Science and Math Departments at CCHS.

Mr. Geesaman arranged for two students, Shawn Noland and Chris O'Shea, to work with our advisor to ready the computers for use at CCHS. Mr. Schott spent most of Christmas break working on the software configuration of the computers and hooking the machines up so that the lab would be ready at the first of the year. This is a good example of how corporations can team up with our school to provide a better learning environment.

Thanks Holcim Inc, Mr. Hofmann, Mr. Schott, Mr. Geesaman, Mr. Noland, Mr. O'Shea and Dr. Compton for your support on this project.
